

The Unchanging Word of God for the Philippines

Small groups in the Philippines use *A Bible Study on John* to learn more of God's will and ways.

I HAVE BEEN RECEIVING requests [for World Missionary Press booklets] by email, text, land-line telephone, and letter, but I have no more stock to mail and/or distribute. What can I do?"

This plea from Bert Manlapaz, WMP's national coordinator in the Philippines for 22 years, tugged at our hearts as we realized it would be many months before his next container of literature would be printed and shipped. Many more emails and letters would pile up for him, waiting for the day when boxes of booklets would once more be available.

"I cannot over-emphasize how **WMP booklets are so much needed in the Philippines** at this time," he continued, "since almost daily I am receiving many requests. Filipino pastors and members are asking for more, since **these booklets are tremendously helpful** among those who are unsaved and are coming to the Lord for their salvation just by reading, and among those who are saved—for their spiritual maturity in the Lord during these end times.

"Many church workers in the three big islands of Luzon, Visayas, and Mindanao (comprised of 7,002 islands) have testified that **just by reading WMP booklets, many lost souls are being saved** especially in the rural and remote areas of the Philippines where your booklets are prayerfully distributed. Your continued support in the form of the printed unchanging Word of God for changing times will hasten the spiritual growth of the churches of God in this country."

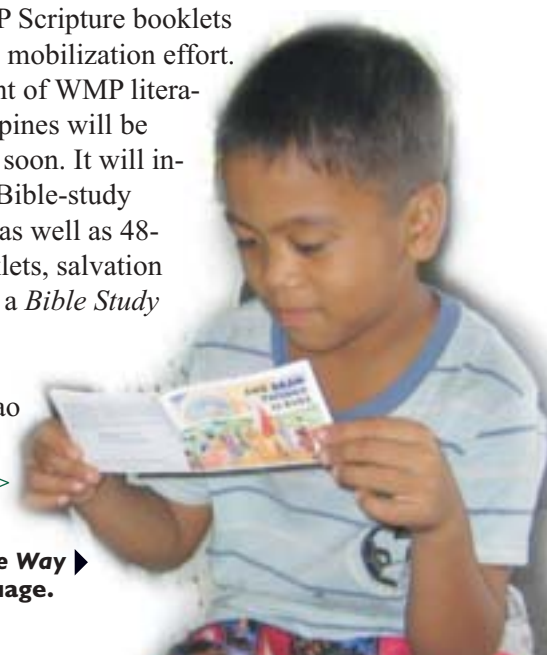

The Philippines is an ethnically diverse nation with **more than 160 languages and 114 distinct people groups**. Although the gospel has been proclaimed in the Philippines for more than 400 years, pressures from Muslims and Communists are creating a dangerous environment for those who claim Jesus Christ as Savior. Voice of the Martyrs reports five Christians killed in Mindanao earlier this year just because they were Christians.

Every Home For Christ has established feeding programs in public schools in Mindanao. They have also established a nation-wide ministry to reach the 20 least-evangelized provinces of the country. WMP Scripture booklets will be a part of this mobilization effort. A first-time shipment of WMP literature for EHC-Philippines will be printed and shipped soon. It will include 500 boxes of Bible-study booklets in English as well as 48-page Scripture booklets, salvation coloring books, and a *Bible Study on John* in Tagalog.

Children love reading *The Way to God* in their own language.

WMP booklets for many years. They wrote, “We here in this ministry in the Philippines use [WMP booklets] a lot. We also give them to other pastors and ministries who want them. *Satan versus CHRIST* is **very effective for those who worship idols**. That includes about 85 percent of the population! We now also give a copy of *The Way to God* in Tagalog to every visitor we have in our church. Some never return, but **they have the witness of salvation in the booklet**. Thank you very much for all your work with the booklets.”

Materials in 18 languages will soon be printed and on their way to the Philippines in a 40-foot container for Bert Manlapaz plus a 20-foot container for EHC. It will take only a few months for all the boxes to be sent throughout the islands, into remote villages and bustling city streets. So many are **waiting to share the gospel** with so many who are still waiting to receive the gospel.

A 40-ft. container such as this one will soon be loaded with thousands of boxes of Scripture booklets in 18 languages for distribution in the Philippines.

[Your investment in God’s Word for the Philippines can have a significant impact in leading souls into a personal, saving relationship with Jesus Christ or in strengthening believers. Every dollar helps by providing for 25 topical Scripture booklets or 9 Bible-study booklets. Every \$200 or \$500 helps even more!]

Press Running Kreyol Booklets and Kreyol New Testaments for Haiti

A SPECIAL PRODUCTION RUN of 1.5 million Kreyol Scripture booklets and 90,000 Kreyol New Testaments with Psalms and Basic Study Supplement is in process. Available supplies were depleted as requests from Haiti continued to come in. Thousands of pieces of literature have been distributed since the January 12 earthquake shook the city of Port-au-Prince and surrounding areas.

WMP’s coordinator in North Haiti, Pastor Thony Paul, reports, “I am writing to let you know that **God has been working greatly** here with the Scripture booklets and New Testaments that were received. Every Saturday many churches have sent leaders and evangelists to pick up boxes of booklets and New Testaments to be distributed throughout their region. Other leaders are taking out young believers, discipling them in the way of evangelism, **giving out tens of thousands of booklets around Cap-Haitien** and surrounding areas. We thank the Lord for your support of the gospel in Haiti.”

Printing in Nepal

BELIEVERS IN NEPAL are eagerly responding to the Lord's call to take the gospel to everyone. Although active Maoists still present a threat of persecution, the Church in this former Hindu kingdom is visibly growing. To support the efforts of Every Home for Christ workers in Nepal, WMP has approved the printing of 200,000 copies of *Help From Above* and 200,000 copies of *The Way to*

God in Nepali. Fifteen pioneer missionaries and 100 active volunteers are eagerly waiting for these Scripture portions to take into remote valleys and distant villages.

[A gift of \$100 will provide for 3,400 Scripture booklets to be printed in Nepal. An investment of \$1,000 will provide 34,000 booklets for those under the cloud of Maoist oppression.]

In Nepal, Every Home for Christ workers are glad to use WMP Scripture booklets in their outreaches.

Africa Shipments Arriving

MUCH PRAYER HAS BEEN RAISED for the **safe delivery and clearance through customs** of 11 container shipments sent to Africa in recent months. Many of these containers are destined for countries where previous shipments experienced long delays, frustrating demands for paperwork and fees, and other unforeseen obstacles. One by one they are reaching port and being processed. WMP's national coordinators are working tirelessly to clear the shipments and begin the long-awaited distribution activity. Please pray for them in this process and also for fruitful distribution.

- **Burundi:** Arrived!
- **Cameroon:** Arrived!
- **Central African Republic:** Completed truck journey from the port of Douala, Cameroon; now at freight terminal in Bangui, CAR, awaiting final paperwork and payment prior to delivery to WMP's coordinator.

- **Benin:** Arrived!

- **Ivory Coast:** Arrived!
- **Democratic Republic of Congo:** At port; coordinator beginning steps of receipt/processing/transport.
- **Zambia:** En route
- **Uganda:** En route
- **Liberia:** En route
- **South Africa:** En route
- **Burkina Faso:** Arrived!

As each of these containers was loaded at WMP's warehouse, staff gathered at the loading dock to pray. Prayer for safety, prayer for the truck drivers, prayer for those who would be handling the clearing of the containers in far-off places, prayer for those who would personally

distribute and receive each item of literature being sent.

We pray with the confidence that God began the process by touching hearts to donate toward the printing. He provided equipment and staff for the printing. He provided volunteers to bind the booklets and place them in boxes for loading. **But when the container pulls out of WMP's parking lot, the project is not over—it has just begun.**

God will provide others along the way to do their part in carrying His Word to hungry hearts in many nations. It is indeed a huge team effort.

*Thank you for your prayer support. **Every prayer counts**, as the very real battle for souls rages on. And thank you for your participation financially. **Each gift is important** in reaching souls with the powerful Word of God.*

This 40-ft. container for Africa was on its way to its destination. What awesome potential it contains for eternal good!
