

Are you looking for ways for your church or missions group to share the Gospel with your community?

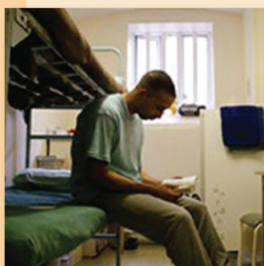

Here are some ideas...

Use Scripture booklets for prison ministry.

Prisoners often have lots of time on their hands and will often read whatever is available. Why not give them God's Word? You can also share the booklets with prison chaplains, who need spiritual material to share with the inmates. Many prisoners have come to faith in Christ by reading WMP Scripture booklets. Here is just one of those powerful testimonies:

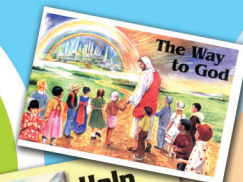

"I am currently incarcerated here at Baraga Correctional Facility. I came to know God and received Jesus Christ as my Lord and Savior through reading your Scripture booklet, *Help From Above*, in the early 1980s. From that time I like to share your booklets. You are bringing more souls into the kingdom of God." —R.H., Michigan
