

# World Missionary Press Fascinating Facts

World Missionary Press has printed Scriptures in **350 languages**. To print in 300 languages was a goal God gave co-founder Watson Goodman at the beginning of the work **61 years ago**.

The 300th language—Hmong Daw for Vietnam, Laos, and Thailand—was produced in January 2000.

Each 48-page topical Scripture booklet **costs an average of less than 5 cents** to produce and ship, including all overhead costs.

WMP does not sell any materials. **Everything is given away free**. Literature has been distributed in **210 nations** and territories of the world.

WMP receives many hundreds of emails and letters every month asking for literature. More than **36,000 distributors** worldwide request WMP Scripture booklets.

**More than 80 WMP national coordinators** also receive requests for WMP literature from within their own nations.

WMP spends **\$23,796 every week for shipping and mailing** booklets (including about \$2,385 per week in postage).

Nearly **440 volunteers** from more than **68 churches** donate their time to WMP to work on the binderies, New Testament production, or mailings.

**One 35-inch wide roll of paper**, 12 miles long, prints the equivalent of the inside pages of **85,000 Scripture booklets** and costs, on average, \$1,393.

WMP often sends 20-ft. and 40-ft. ship containers which hold up to 2.1 million booklets. Every container saves WMP thousands of dollars over what the post office would charge for the same amount.

Last fiscal year WMP **shipped 206,519 ten-pound boxes of Scripture booklets**, including **59 container-size shipments** destined for **45 nations**.

This past fiscal year (ending September 30, 2022) WMP produced in-plant the equivalency of **103,313,685 Scripture booklets, Bible studies, and New Testaments**—an average of **8,609,474 every month**.
